NEW BOOKS!
New books are still trickling in, but a large number of books have already arrived. Jan is adding them to catalogue, and they will be ready in the next few weeks. Keep an eye out for our newest reads.

Welcome from the Library Staff

Welcome to the 2021/22 school year at Escuela Campo Alegre. We are anxious to return to campus and begin working with students in our wonderful library. Last year's addition of a larger Makerspace has seen much use, and we have added new fiction books and a large array of middle level and upper level non-fiction books. We maintain committed to providing the best resources for the ECA community.

This year, we are happy to include Mr. Maikel Vega back to the library team. As a technology integrator, the library will expand its role as a resource for teachers and students, working to integrate the AASL library standards and the ISTE technology standards into the existing curriculum. Maikel will be working closely with us in the library as well as integrating his curriculum into the classrooms.

Finally, remember that we are available to meet all of your library needs. Parents and students are able to check out books as soon as you are in the system. Just read. It makes you smarter.

Adam Smee, *Library Director*
