SUMMER SCHOOLS AND PROGRAMS

One may think, who wants to waste all vacation in summer schools?? Well, hopefully, you can learn a thing or two about the benefits of summer school programs in this article. Although the idea of spending your summer learning may seem preposterous, summer school actually has many benefits. It can help you make new friends, help you practice your bilingual and linguistic skills, help you learn countless new skills, and it can provide a unique and life-changing experience.

Finally, of course, it looks GREAT on your transcript.

Education USA Academy is a great place to start. They offer programs from innovation and entrepreneurship at Boston University to global leadership University of Wisconsin – Madison. Find a campus and a program that interests you, and go for it!!

Teacher Spotlight

Featuring... **MS. MAYRA**

What was your favorite memory this year as a teacher (or) StuCo coordinator?

It has been a school year full of memorable moments. So far, as a Spanish teacher, one of my favorite moments was accompanying my 9th-grade Spanish students in preparing and presenting the 'Doce Cuentos Peregrinos' Project to our maintenance staff. As a StuCo Coordinator, one of my favorite moments was the cardboard boat race. The students' energy in designing and creating their boats in teams was fantastic, and the competition was enjoyable.

Which class/grade has improved the most throughout the year?

Each class has improved in many ways, but the grade that has improved the most is probably 8th grade.

What's one thing that no one knows about you?

I play a video game that was very popular some time ago. But if I tell you what it is, I no longer have a secret that no one knows.

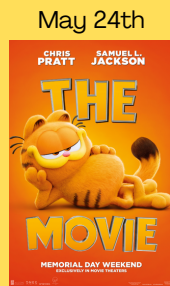

THE BEST FOR SUMMER!
